

# About NUAA

A Prestige in China's Education Sector

Nanjing University of Aeronautics and Astronautics (NUAA) is one of China's premier learning and research institutions. NUAA has developed into a very comprehensive, research—based university that excels in many aspects of engineering (particularly in Aeronautics, Astronautics, and Mechanical Engineering), science, economics and management, arts and literature, and many others.

## Nanjing City

Modern and Epic, Densely Mixed

- The 600-year-old city wall of Nanjing is the world's longest city wall.
- With respect to the number of universities, Nanjing ranks third in China, just after Beijing and Shanghai
- Shopping malls, museums and mausoleums, parks, traditional snack shops, western restaurant & bars, university complexes, etc.
- One hour away from Shanghai on the high speed train.
- Nanjing is one of the biggest and safest cities to live in China.
